

Eyes of the Reef Training Schedule

July – August 2017

Do you spend time in Guam's waters while snorkeling, swimming, diving, paddling, or fishing? **We need your help** to spot reef impacts around Guam. Attend an Eyes of the Reef classroom or in-water field session* to learn how to identify impacts on coral reefs, such as bleaching and disease, and report them online. You can play an important role in keeping Guam's reefs healthy for future generations. All ages are welcome and no previous experience is required to participate in these free events.

Date	Time	Location
Saturday, July 22 (Field session*)	9:00-11:00 am	Meet at Ypao Beach Park lifeguard stand
Tuesday, August 8 (Classroom session)	6:00-8:00 pm	TBD (Check our website)
Saturday, August 19 (Field session*)	9:00-11:00 am	TBD (Check our website)
Tuesday, August 29 (Classroom session)	6:00-8:00 pm	TBD (Check our website)

*For field sessions: Bring your own snorkel gear (mask, snorkel, tabbies/close-toed shoes, and fins) or contact us 24 hours before the session to reserve a set. Participants under 18 must have liability form signed by parent or legal guardian and those under 14 must have parent or legal guardian present.
